Support the Dairy and Cheese Producers of Quebec and Canada
PETITION TO THE HOUSE OF COMMONS OF CANADA

WHEREAS:

1. The Comprehensive Economic and Trade Agreement (CETA) between Canada and the European Union must respect the interests of all Canadians.
2. By matching supply to demand, supply management ensures fair and stable prices.
3. According to the Dairy Farmers of Canada, the additional access to 17,700 tonnes of European cheese under CETA is equivalent to a 2.25% cut in farm quota, resulting in farm income losses of roughly $150 million a year.
4. The federal government has promised to compensate dairy and cheese producers, an offer that Ontario and Quebec have accepted.

WE, THE UNDERSIGNED, CITIZENS OF CANADA, call upon the HOUSE OF COMMONS to:

1. Promptly reveal details on the financial compensation to be paid to dairy and cheese producers;
2. Provide for an implementation period for the CETA agreement that is as long as possible;
3. Put an end to the circumvention of tariff quotas and the misclassification of products at the border;
4. Impose the same production and processing requirements on imported products as on domestic products; and
5. Commit to support commercialization to help Canada's dairy and cheese producers maintain and grow their markets.
